

Download Archaic Egypt Culture And Civilization In Egypt Five Thousand Years Ago

The aim of this book is to put before the reader a general survey of what we now know, through recent discoveries, of the cultural achievements of the great people who lived on the banks of the Nile nearly five thousand years ago. A cradle of civilization is a location where civilization is understood to have emerged. Current thinking is that there was no single "cradle", but several civilizations that developed independently, with the Fertile Crescent (Mesopotamia and Ancient Egypt) understood to be the earliest. Other civilizations arose in Asia among cultures situated along large river valleys, such as the Indo ... was living just two thousand years ago. Only China, with a continuous history since the Shang (c. 1500 BC), has at least equalled this, but just barely if we bring Egyptian history down to the last hieroglyphic inscription (394 AD).. To the Egyptians, Egypt was, the "Black Land." Some people think that this referred to the skin color of the Egyptians. . However, the Egyptians contrasted ... "Civilization" can also refer to the culture of a complex society, not just the society itself. Every society, civilization or not, has a specific set of ideas and customs, and a certain set of manufactures and arts that make it unique.
