What is the role of competition in economic activity? How can it be understood? How can it be regulated? Competition is a buzz word in economic policy and in commerce. Yet it is given widely varying roles in different models and is viewed in very different ways by different schools. Competitions in Theory and Practice. Competition, as we are all told, is as old as music itself; found even in the myths of antiquity like that of the competition between Apollo and the satyr Marsyas. Like Pan, Marsyas lost this ancient duel, and was punished in a most brutal way. Luckily, the stakes are not quite so high in modern competition,...
