They all come from the big genetic whirlpool of dysfunction central and their brains are all wired the same when it comes to women. "I'll text her when I get around to it" This thriller is about a group of psychics assembled together on St. Martin in the Caribbean by a venture backed company for the purpose of enhancing and then exploring the psychics' abilities for remote viewing of past and present events - e.g. JFK's assassination. The name "Cyberman" comes from cybernetics, a term used in Norbert Wiener's book *Cybernetics or Control and Communication in the Animal and the Machine* (MIT Press, 1948). Wiener used the term in reference to the control of complex systems in the animal world and in mechanical networks, in particular self-regulating control systems. *Doki Doki Literature Club!* is a Ren'Py-based visual novel by Team Salvato, led by Dan Salvato (who was also a developer of Project M and a competitive player of both Super Smash Bros. Melee and Project M). You are a member of the literature club, along with four cute girls. In each chapter, you will create a poem based around twenty words selected by the player, which the girls will comment on ...
