The pace of change is mandating that we produce a faster, smarter, better grade of human being. Current systems are preventing that from happening. Leadership theory and research in the new millennium: Current theoretical trends and changing perspectives Future studies or futurology is the science, art and practice of postulating possible, probable, and preferable futures and the worldviews and myths that underlie them. Futures studies seeks to understand what is likely to continue, what is likely to change, and what is novel. Part of the discipline thus seeks a systematic and pattern-based understanding of past and present, and to determine ...Discussion Paper. January 2004.
