Obesity Management for the Treatment of Type 2 Diabetes: Standards of Medical Care in Diabetes—2019
American Diabetes Association Diabetes Care 2019 Jan; 42 (Supplement 1): S81-S89. The National Diabetes Statistics Report is a periodic publication of the Centers for Disease Control and Prevention (CDC) that provides updated statistics about diabetes in the United States for a scientific audience. It includes information on prevalence and incidence of diabetes, prediabetes, risk factors for complications, acute and long ... Notable new recommendations in the 2018 edition of the American Diabetes Association's (ADA's) Standards of Medical Care in Diabetes (Standards of Care) include advances in cardiovascular disease risk management including hypertension; an updated care algorithm that is patient-focused; the integration of new technology into diabetes management; and routine screening for type 2 diabetes in high-risk youth (BMI >85th percentile plus at least one additional risk factor).
