The book applies the stress, resources and coping model to families with disabled children, examining specific ...Effective Technology: Integration for Disabled Children: The Family Perspective explores microcomputer-based special education intervention programs aimed at advancing mildly handicapped children and empowering their parents. The book applies the stress, resources and coping model to families with disabled children, examining specific components of the proposed model through family surveys and studies, and presenting future directions for research and experimentation. Effective Technology: Integration For Disabled Children is intended for researchers and practitioners in a wide range of fields interested in family research and parent-empowering interventions as well as for those involved in technology integration within special education contexts.
