

# **Download How We Saw It, 1855-2005 : The World Through The Eyes Of The Daily Telegraph**

“An officer made an announcement, keep your eyes and your ears open, because we were in enemy territory.” Like the assault on Pearl Harbor, the terrorists’ actions in 2001 were a sneak attack. The memories of Sept. 11, 2001 are just as strong. We saw how hard they had prepared for that shoot-out against Colombia. They brought it back to what they could control – the process rather than the outcome. After reporting on the Troubles in the Seventies, Bishop spent 20 years as a “fireman” foreign correspondent for The Daily Telegraph, and now he writes best-selling military histories and novels. The Daily Telegraph through the eyes of its readers The first ever edition of The Daily Telegraph in 1855 As The Daily Telegraph publishes its 50,000th edition, we look back at the vivid snapshots of history detailed in readers' letters to the Editor
