Philosophy of mind is a branch of philosophy that studies the ontology, nature, and relationship of the mind to the body. The mind–body problem is a paradigm issue in philosophy of mind, although other issues are addressed, such as the hard problem of consciousness, and the nature of particular mental states. Aspects of the mind that are studied include mental events, mental functions ...What is TFAP? The Tokyo Forum for Analytic Philosophy (in short, 'TFAP') is a forum for research in analytic philosophy broadly conceived---including research in the empirical/formal sciences that is of philosophical interest.I [jump to top].
